▶ Kid's Science 2020

'Kids science 2020', a science experience class hosted by the south Iwate Research Center of Technology, was held on August 1. 42 elementary school students of Ichinoseki participated. Students were given a lesson about programming by Etsuya Chiba, a contract professor at the National Institute of Technology, Ichinoseki College. The student's inputted number codes to control the 'stop' and 'go' actions of the car-shaped robot. The students enjoyed controlling the robot as they intended.

▶ New Organizations Established

東北ILC事業推進センター設立総会の様子

On August 2, the International Development Team (IDT), a team that will help prepare for the ILC, based at the High Energy Accelerator Research Organization (KEK) was recognized by the International Committee for Future Accelerators (ICFA). To advance the effort towards developing the region and its infrastructure, the Tohoku Project Development Center was formed on August 6. The center consists of 22 organizations of Iwate and Miyagi. It will work with the IDT to proceed in establishing the environment needed for the ILC's realization.

Welcome to Ichinoseki City Library

Ichinoseki City Library provides a relaxed environment for those who want to read, research or socialize. To borrow a book, apply for a free library card that can be used at any of the branch libraries in Ichinoseki. Interpretation devices that support multiple languages are available at counter 3 to aid in communication with staff. A selection of fiction and non-fiction books for children through to adults are available in many languages. Japanese language learning materials can also be found. The library is always seeking book recommendations to add to their collection!
